## Jungle Trek

EX - PUNE

## OVERVIEW

### AADRAI JUNGLE TREK

“Lost in the Dense Woods” is an apt word for this trek. Walk deep inside the hidden jungles of Malshej Ghat, where sun rays touching the ground is a rare happening. The trail passes through various streams and passing waterfalls, including a mega – 1,200 feet fall. Explore this unexplored forest, full of flora and fauna with flowers blooming all over. Unknown to the common folk, this trail was found by a local villager, who was in fact lost in the forest while hunting.

The Aadrai Jungle Trek is the best way to explore one of Sahyadri's most beautiful and untouched Jungles. This tour will take you deep into the heart of this lush, green forest, where you can see waterfalls, caves, valleys, shepherd trails, famous peaks, and more.

The total trek is approximately seven kilometres long (one way) and can take anywhere between two to three hours, depending on your speed. On your way, you will get to stream walk and can also take a break to rest by rivulets and see the stunning 1,200 feet mega, Kalu Waterfall. With a lot of untouched flora and fauna, this place is absolutely beautiful! A picturesque trek to do during the monsoons. The rain, clouds and mist add another romantic layer to the whole experience. We can't wait to put on our trekking gear and head out, what about you? You can also visit Kalu Waterfalls, Nageshwar Temple and Ancient Caves nearby.
